Headteacher: Mr Adam Gough

Community Cooperation for a Safer School Run

We would like to take this opportunity to remind everyone of the "unofficial" one-way traffic system we observe during school drop-off and pick-up times.

This parent-led initiative has been in place for some time and is crucial for ensuring the safety of our pupils and reducing traffic congestion.

The Rationale

Child Safety: It creates a more predictable flow of traffic, making it safer for children accessing the school.

Reduced Congestion: It helps prevent bottlenecks and gridlock on the narrow roads surrounding the school, or interfere with the School Bus trying to approach the school.

Courtesy to Neighbours: It helps minimise disruption for our local residents.

The System in Practice

We kindly ask that all drivers follow this route during school drop off and pick up:

1. We adhere to a clockwise direction one-way system from Church Street into Mill Street.
2. Where Church Street meets Mill Street there is a "No Go" area past the junction towards the school for Parents to drop off their children.
3. Please see the map below illustrating the flow of traffic.
